

## Applications for Viking Valves

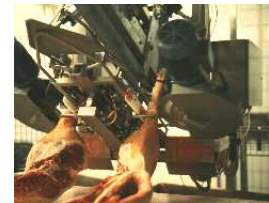

### Transport

- Door-opening systems on buses and trains
- Couplers for trains and trucks
- Couplers and 5<sup>th</sup> wheel controls for trucks
- Toilet controls for trains and busses
- Ventilation systems on trains
- Clamping timber on logging/timber transporters
- Controls on bulk milk tankers
- Lift axle systems for trucks and semi-trailers
- Rock drilling machines
- Controls on rails in shunting yards

### General Industrial applications

- Packaging machinery
- Textile machinery
- End of arm tooling on Industrial robots
- Pick and place system controls
- Saw mills
- Conveyor systems
- Metal cutting machines
- Wood cutting/milling machines
- Explosives industry
- Food processing machinery
- Valve controls in process industry
- Silo applications
- Plastic mill machines
- Controls on plastic moulding machines

And so on.....
